

DON'T LET THE GREASY GREMLIN GET IN YOUR DRAINS!

'GG' the Greasy Gremlin wants to clog your kitchen drains and fill the City's sewer lines with gunk. Help us keep GG and his greasy grime above ground!

- Put fats, oil and grease in a can or jar and in the trash.
- Wipe out cooking pans with a paper towel before washing.
 - Place scraps in the trash.

Never pour fats, oil or grease down the drain!

THANK YOU!

ALWAYS PUT GREASE IN THE TRASH, NOT DOWN THE DRAIN!
