Basic Facility Charge		07/01/2010	\$ 12.75
<u>Energy Charges</u>			
All kWh		8/1/2020	\$ 0.0890

Criteria for qualifications for rate: The City of Morganton offers an electric rate to low - income senior citizens and disabled persons who meet certain provisions:

07/01/2017

- (1) The customer must be 62 years of age or older or be totally blind or totally physically or mentally disabled.
- (2) The customer shall have the electric service in his/her name, have the address which is listed on the application as his/her legal residence and be a customer of the city.
- (3) The customer's total gross annual income and retirements benefits, including the total gross annual income and retirement benefits of those who live in the applicant's residence, shall not exceed:

\$ 11,770 for a single person	\$ 28,410 for a family of five
\$ 15,930 for a family of two	\$ 32,570 for a family of six
\$ 20,090 for a family of three	\$ 36,730 for a family of seven
\$ 24,250 for a family of four	\$ 40,890 for a family of eight

Applicants who meet the above three provisions will qualify for the rate; current rates are available by calling a customer service representative at 438-5244.

The applicant's age must be verified by identification. Physically and mentally disabled applicants will be verified by the Social Security Administration. Income and retirement benefits will be verified by requiring applicants to provide a copy of their previous year's state or federal tax forms. The City Manager has the final review of all applications and will notify all applicants of their status within 30 days of receiving the application.

Applications are available in City Hall Monday - Friday 8 am - 5 p.m. Completed applications should be returned to the customer service office at City Hall.

City of Morganton

FY 2020-2021 FEE SCHEDULE

Special Facilities Charge

The City will furnish and install facilities not normally required for service. The customer will pay to 07/01/2108 the City either (at the Customers option) a total facilities charge or a permanent monthly facilities charge of 2.0% per month of the installed cost. The facilities charge will be calculated by subtracting the standard facilities from the requested facilities. If and/or when the customer's load reaches the load capacity of the additional facilities, this Special Facilities Charge will be removed.

Electric Rate Ride RECR-1 / Operation of photovoltaic, wind powered, or biomass fueled generating systems at their primary residence or business. Must meet all City requirements before receiving credit.

Credit rate is per kWh for systems commissioned prior to July 1, 2011. 8/1/2018 \$ 0.0304
 For systems commissioned on or after 07/01/2016 per RECR-1.

	On-PeaK Energy	8/1/2020	\$	0.0287
	Off-Peaak Energy	8/1/2020	\$	0.0105

The "Fixed Long-term Rate" is no longer available to new customers. As current customers long term rate expires they will be moved to current "Variable 1 Year Rate".

Renewable Energy Portfolio Standards Charge (REPS)

Residential	ERPR3	8/1/2020	\$	0.77
Commercial	ERPC1-C2-C3	8/1/2020	\$	4.19
Industrial	ERPM1-M2-M3	8/1/2020	\$	43.15

For detail information on Industrial and Commercial exceptions and low usage accounts, see the Electric Department.

Additional Electric Fees:

Disconnect Charge	07/01/2008	\$	25.00
Reconnect Fee	07/01/2008	\$	25.00
Reconnect Fee - After hours	07/01/2008	\$	75.00

**Where two (2) or more utility service users occupy a common building or structure, all such users consumption may be measured through a single meter "Master Meter". The billing for such a customer would be a single bill to the account owner that includes the regular rate for the size of "Master Meter" and volume used. In addition to these regular charges, the rate for utility service will be adjusted by a multiplier based on the number of units served at the residential 3/4" meter size rate.

8"	07/01/2018	\$ 1,112.25
10"	07/01/2018	\$ 1,655.70

**Where two (2) or more utility service users occupy a common building or structure, all such users consumption may be measured through a single meter "Master Meter". The billing for such a customer would be a single bill to the account owner that includes the regular rate for the size of "Master Meter" and volume used. In addition to these regular charges, the rate for utility service will be adjusted by a multiplier based on the number of units served at the residential 3/4" meter size rate.
